

# Cable-Stayed Bridge over River Chenab

Tender Reference: TND-2026-00003 | Issued by: Punjab Roads & Infrastructure Authority (PRIA)

## 06 — Applicable Standards & Compliance

|                  |                                                                                   |
|------------------|-----------------------------------------------------------------------------------|
| Bridge Design    | AASHTO LRFD Bridge Design Specifications (8th Ed.)                                |
| Concrete         | ACI 318-19, ACI 363R (High-Strength Concrete)                                     |
| Structural Steel | AISC 360-16 — Specification for Structural Steel Buildings                        |
| Stay Cables      | PTI DC45.1 — Recommendations for Stay Cable Design, Testing and Installation      |
| Seismic          | AASHTO Guide Specifications for LRFD Seismic Bridge Design (2nd Ed.)              |
| Hydraulic Design | HEC-18 (Scour) & HEC-20 (Stream Stability); NEAC Pakistan Flood Design Guidelines |
| Geotechnical     | ASTM D1586 (SPT), ASTM D4318 (Atterberg Limits)                                   |
| Bearings         | BS EN 1337-5 — Structural Bearings, Pot Bearings                                  |
| Welding          | AWS D1.1 — Structural Welding Code for Steel                                      |
| Pile Testing     | ASTM D1143 (Static Load Test), ASTM D4945 (High-Strain Dynamic Testing)           |
| Road Standards   | NHA Standard Specifications for Road & Bridge Works (2000)                        |
| Environmental    | NEPA Environmental Protection Act 1997; Punjab EPA clearance mandatory            |
