

Document Title: Technical Drawing Specifications & Notes

Drawing No: TND-2026-00001-A101

Project: Industrial Warehouse G+1 (Sundar Industrial Estate, Lahore)

1. Layout Details:

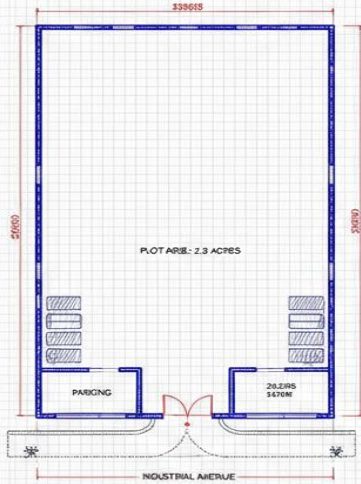

- **Total Plot Area:** 2.3 Acres as shown in the site plan.
- **Building Footprint:** The main storage/production hall is the primary structure.
- **Zones:** The drawing includes a dedicated Parking Area, a Service Yard, and an Office/Admin block near the entrance.

2. Critical Dimensions for BOQ:

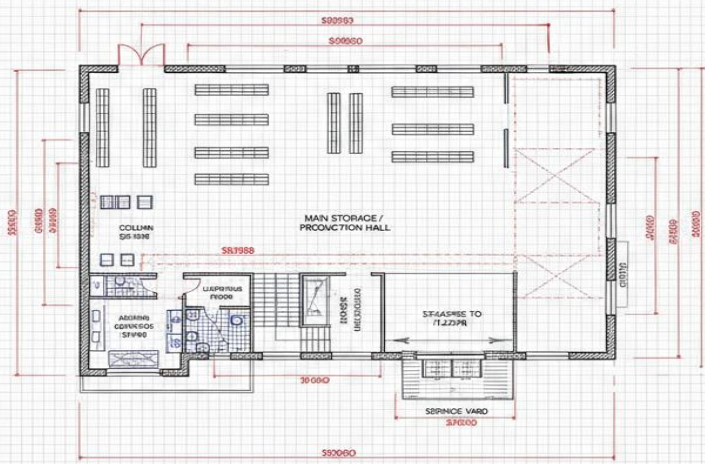

- **Main Hall:** Refer to the red dimension lines for exact length and width.
- **Entry/Exit:** Two main industrial-grade shutters are marked on the front elevation.
- **Column Grid:** Structural columns are placed at regular intervals (marked with 'S' tags) to support the steel roof.

3. Agent's Task for Accuracy Check

- **Visual Data Extraction:** The agent must scan the attached drawing (TND-2026-00001-A101) to identify and count the total number of **Parking Slots** designated at the main entrance.
- **Area Calculation:** The agent is required to calculate the **Square Footage of the Main Storage/Production Hall** based on the dimension lines provided in the layout.
- **Cross-Verification:** These extracted dimensions and counts must be cross-referenced with the **05_BOQ (Bill of Quantities)** file to ensure there are no discrepancies between the design and the material quantities.
